SELECTMEN'S REPORT

To the Inhabitants of Dighton:—

Our Town is pleasantly situated on the west banks of the Taunton River; householders in a part of the Town are supplied by Municipal Water Works; main streets macadamized; State Highway connecting Boston and Fall River, extending to Newport, R. I.; main line of the N. Y., N. H. & H. Railroad; Bristol County Agricultural School and farm; Co-operative Bank; Mt. Hope Hospital; Public Library; trolley car route between Taunton and Fall River; Electric Lighted Streets with business and domestic service; gas service; best of High and Graded School service; Pumping station of the Somerset Water Works; Churches of the leading denominations; Dighton Rock Grange; Tax Rate hovering around \$25 on one thousand dollar valuation.

HIGHWAYS

At the Annual Town Meeting, fourteen thousand dollars was raised and appropriated to macadamize a section of Main Street easterly from Williams Street, provided the department of Public Works would aid by allotting a like sum and furnish the necessary engineering service.

The Department granted the request, the contract to make the improvement was awarded to the lowest bidder, Z. L. Canedy of Lakeville, who has built a first class macadam road for \$27,745.98, the joint funds available were \$28,000. The remaining section of the street was given temporary repairs but its condition is such that it should be macadamized next year and we have assurance of aid. A section of Forest Street was macada-

mized, costing about \$10,000, this street should be completed next year.

Early in the year an examination of Berkley and Dighton Bridge was made and found needing extensive repairs. The planks used were chemically treated, a process that extends its lasting qualities and two strips of sheet iron were laid on the roadway.

TOWN FINANCE

It is with pleasure that we are able to inform the taxpayers that the Town's bonded debt is only \$3000 consisting of three notes of \$1000 each, payable 1929, 1930, 1931.

The financial policy adopted in recent years has been "to pay as you go", and all Town expenses are met by direct taxation. The facts relative to proposed appropriations for the several departments and those emanating from the people are gathered and carefully considered by the Finance Committee and presented at the Town Meeting for action by the voters.

Respectfully submitted,

CHARLES S. CHASE,
GEORGE B. GLIDDEN,
LYMAN E. BRIGGS,

Selectmen of Dighton.

Dighton, December 31, 1928.

LIST OF JURORS

Aggreable to the provisions of the General Laws and amendments thereto the following legal voters have been duly selected and adopted for jury service for 1928-1929.

Selectmen of Dighton.

Dighton, July 5, 1928.

REPORT OF THE BOARD OF PUBLIC WELFARE

To the Inhabitants of Dighton:—

The demands for relief have gradually increased each year, for many years. Large families, neglected children and State requirements, are factors in determining the outlay.

The appropriation for Charity was \$8,000. Expenditures amounted to \$8,838.68, overdrawn \$838.68, but we have been reimbursed \$1,151.41 by individuals and municipally, leaving \$7,687.27 as the net cost of supporting the charity department.

It is estimated that a larger appropriation should be made for 1929.

Details of expenditures as far as the statutes will permit will appear in the report of the Treasurer and Auditor.

Respectfully submitted,

CHARLES S. CHASE,
GEORGE B. GLIDDEN,
LYMAN E. BRIGGS,

Board of Public Welfare.

Dighton, December 31, 1928.

REPORT OF THE BOARD OF HEALTH

To the Inhabitants of Dighton:—

Again we are able to report freedom of contagious diseases, excepting measles and chicken-pox which have prevailed quite extensively. The usual medical and dental clinics have been held.

The arrangements made last year with the State Department of Public Health to hold clinics in the North and South Villages to treat school children and others to render them immune from Diphtheria, Typhoid Fever, etc., was held with satisfactory attendance and results.

Physicians practising in Dighton, and householders are reminded that they are required to report in writing the name and address of patients suffering with a contagious disease.

Dighton, December 31, 1928.

Respectfully submitted,

CHARLES S. CHASE,
GEORGE B. GLIDDEN,
LYMAN E. BRIGGS,

Board of Health.

NURSE'S REPORT FOR 1928

Board of Selectmen,

Dighton, Mass.

Gentlemen:

As in the past the greater part of the nursing work in Dighton is done for the school children, therefore, done through the schools. Excepting a few cases of the milder contagious diseases found among children, we have been very free from contagion.

The social welfare work has taken up much time, but time profitably spent. When children are neglected through poor home conditions, illness or death, the aim is to make an adjustment that will be fore the child's future welfare. Taking cases into the Courts are avoided as far as possible, but sometimes this step is necessary.

Cases attended in Court and proven wholly or partially neglected, 7. Miss Vaughan, the agent for the S. P. C. C. has been very co-operative and gave much helpful advice that in many cases meant the proper adjustment without Court proceedings.

A list follows of medical and surgical cases who received nursing care and number of visits.

	Cases	Visits
Tubercular cases,	7	15
Social Welfare,	30	140
Post-operative, (dressing)	4	32
Obstetrical, (post natal care)	1	12
Ether administered,	3	3
Cerebral Hemorrhage,	1	2
Malnutrition, (Infants)	2	5
Tonsilitis,	2	5

Intestinal Impaction,	2	4
Discharged to Hospital Care,		2
Discharged to Family Care,		15
Died,		3
Discharged Well,		2
Total Cases,		52
Visits,		219

Clothing given by townspeople and cloth given by Mt. Hope Finishing Co., to needy children has been much appreciated.

Respectfully submitted,

CHRISTENA MacIVER WHITTAKER, R. N.

State Aid and Soldiers' Relief	274.00
Overdrafts in 1927	4,311.68

Voted to appropriate \$1,000 for reforestation to be taken from unexpended balance of January 1, 1928.

Voted to appropriate \$10,000 to be taken from unexpended balance of January 1, 1928, for the purpose of macadamising a section of Forest Street running southerly from Spring Street and authorize the Superintendent of Streets to construct this section of street under the supervision of the Selectmen and that the Selectmen ask the Board of Public Works to make the necessary surveys and plans.

Voted to raise and appropriate \$14,000.00 to macadam a portion of Main Street 4,500 feet long and eighteen feet wide running easterly from Williams Street providing the State Board of Public Works contribute a like sum, and authorize the selectmen to ask

the Board of Public Works to make the necessary surveys and plans and to ask for proposals to build, to award the contract and supervise the work.

Voted to accept the town report as printed.

Voted that the bonds of the Treasurer and Collector be \$15,000.00 each and that of the Town Clerk be \$1000 to be paid for by the Town when approved by State Board of Corporations and Taxation.

Voted that the treasurer with the approval of the Selectmen be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the Town for the financial year beginning January 1st, 1928 and to issue a note or notes therefor payable within one year. Any debt or debts incurred under this vote to be paid from the revenue of said financial year.

Voted that the Collector be given the same power in making collections possessed by a Town treasurer.

Voted to authorize the Selectmen to appoint all minor officials.

Finance Committee appointed by Moderator: Joseph K. Milliken, Joseph P. Dupont, Warren L. Ide, J. Willis Andrews, Julius G. Romero, Henry C. L. Lincoln, and Charles C. Marble.

The following votes were cast at the Presidential Primary held April 24, 1928.

PUBLIC LIBRARY REPORT

To the Trustees of the Public Library:
Gentlemen:

I have just completed my 18th report as your Librarian. Not many years ago it was my ambition to put 10,000 books into circulation in one year. I reached that goal some time ago. This year shows a very gratifying increase of nearly 4,000. Owing to limited funds last year I purchased only 121 books and tried to economize in various ways. I am asking for \$200 to use for Reference Books, also for 2 more lights in the stack room. The janitor asks one for more light in the basement. May I call your attention to the need of repairing the Library? Eighteen years have passed with perhaps, I might say, no repairs. I feel sure you will agree with me when I state we couldn't allow our homes to go that length of time without spending some money for its upkeep. Often we are asked for a catalog of the books.

My budget for the year 1929 is as follows:

Heating		\$150.00
Lighting		25.00
Janitor		130.00
Librarian		400.00
Books:		
Reference	\$200.00	
Adult	200.00	
Youths	100.00	
	<hr/>	500.00
Periodicals		60.00
Supplies		40.00

Lawn	20.00
Mending books and Library Assistant	75.00
	<hr/>
	\$1,400.00

Respectfully submitted,

LYDIA J. COLE.

I herewith submit my eighteneth report as Librarian:

Number of Volumes in Library Dec. 31, 1927	6,842
Purchased during year	121
Number of Volumes presented Library	6
Number of Volumes in Library Dec. 31, 1928	6,969
New borrowers	131
Total number of borrowers	965
Circulation during year	17,513
Adult fiction	8,571
Adult non-fiction	1,748
Youth's fiction	4,435
Youth's non-fiction	964
Magazines	1,789
Number of persons using Reading Room	2,054
Books mended	349
Money received from fines and turned over to Town Treasurer	\$42.39
Circulation per Capita	6 $\frac{1}{4}$
Cost per Capita	42c
Increase in circulation in ten years	9,000

This report will show you what has been accomplished at your Library for the year 1928. The largest circulation of books and periodicals in its history.

We extend thanks to Mrs. Horace Varney who

has taken collections amounting to 1,500 books circulating them from her home in North Dighton.

We offer you the spirit of hospitality and service.

Books are keys to wisdom's treasure,
Books are gates to lands of pleasure,
Books are paths that upward lead,
Books are friends. Come let us read.

Respectfully submitted,

LYDIA J. COLE, Librarian.

The accounts of the Collector are correct, the receipts being accounted for and all payments to Treasurer shown by voucher.

Respectfully submitted,

HOWARD C. BRIGGS,

Town Auditor.

ANNUAL REPORT

of the

SCHOOL COMMITTEE

of the Town of

DIGHTON

YEAR ENDING DECEMBER 31, 1928

SCHOOL REPORT
FOR THE YEAR ENDING DEC. 31,1928

REPORT OF SCHOOL COMMITTEE

To the Citizens of Dighton:

Having completed the year 1928 your Committee hereby submits it's report.

During the year the heating plant of the South Grammar Building was revamped and is now giving very efficient results.

A two-year Commercial Course has been established and from all accounts appears to be progressing very satisfactorily.

There is a congestion in the South Grammar School. Eight grades with eight teachers are being housed in seven rooms. This is not a satisfactory arrangement. Therefore your Committee asks that another room be added to this building, at an estimated cost of \$8500.

Next September our Commercial Department will have outgrown it's present quarters, now located in one room of the North Grammar Building. As this is a new project and has not yet gone beyond the experimental stage, your Committee does not feel that it would be good judgment to ask the Town to build additional quarters at this time. Mount Hope Finishing Company has offered the use of Recreation Hall, in North Dighton, for this purpose. The Company will add toilet facilities and make the necessary alterations to meet the State Department's requirements for

school purposes, and the Town will pay an annual rental of \$200.00. Your Committee feels that it is best to accept this offer, and has voted to transfer the Commercial Department to this building.

SCHOOL BUDGET FOR THE YEAR 1929

Superintendent and Law Enforcement,	\$ 2,400.00
Teachers' Salaries,	29,100.00
Books and Supplies,	4,000.00

Roy F. Walker, Chairman
Mrs. Sara C. Hamilton, Secretary
Trenor F. Goodell, Financial Sec'y
Mrs. Clara L. W. Wyeth
Leland Bullard
Henry W. Horton

Dighton School Committee

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Dighton:

I have the honor to make my fifth annual report as your superintendent of schools.

Since the time of my last report several important changes have occurred that were not foreshadowed in that report. The Broad Cove School has been closed and the children of that locality are now at South Dighton. Flat Rock School has also been closed. All children in grades six, seven, and eight not attending South Dighton School are attending school at North Dighton. The South Dighton School has eight grades and eight, instead of seven, teachers and only seven rooms. This means that there is a teacher for a grade but not a room for a grade. A Business Course covering two years has been sared in North Dighton. It will be seen, therefore, that during the year much has happened. Upon the whole all of these changes seem to have justified themselves.

For the next year my recommendations are as follows:

1. The Business Course has outgrown its present quarters. Since proper accommodations may be secured at a moderate rental, I recommend that rented premises be used and thus avoid the expense of any enlargement of buildings at this time.

2. The situation at South Dighton School requires relief. Either the grades and teachers must be reduced to seven to match the rooms, or the rooms must be increased to eight to match the grades and teachers. The first alternative can be done without expense to the town. The second alternative is the one desired by those particularly affected. It is not the function of the superintendent of schools to decide for the town between these two alternative plans. I mere-

ly point out at this time that a situation exists which demands relief one way or another, and leave the matter beyond that to the judgment of the town itself.

Before closing this report I wish to state that this year is also marked by full compliance, for the first time, with the state laws governing physical education and special instruction for retarded pupils.

In closing I wish to thank the committee for its continued confidence and support.

Respectfully submitted,

EDWARD L. HILL.

T. F. GOODELL,

Financial Secretary.

REPORT OF THE SCHOOL PHYSICIAN

To the School Committee of the Town of Dighton:

The report as follows represents, in part only, the work of the school physician—this being due to two factors, e. g., some delay was encountered as a result of contemplated revisions and additions to the usual school examination, also, at the time when the change of program was to have been put into effect it so happened that the school physician was incapacitated in a way that all work, except that of the school nurse, was suspended until such time as it could again be resumed.

Physical examination and general inspection was conducted at the Fish and Brick Schools, also the 1st, 2nd, 3rd, and 4th grades at the South School. In the order mentioned the prevalence of the various conditions is noted: pediculosis (head lice and nits), dental caries (decayed teeth, and alveolar abscess), enlarged and diseased tonsils and adenoids, enlarged glands, skin diseases (eczema, impetigo, ring-worm, scabies), malnutrition, nasal defects (deviated septum, excoriated nares), impaired sight, impaired hearing, otitis media (discharging ears), and scoliosis (spinal curvature). Of the cases excluded from the South School, a larger percentage than in previous years, were because of skin eruptions enumerated above. No definite period of exclusion was recommended except that exclusion be enforced until all lesions were healed. In families where such exclusion was necessary treatment household so affected even though not of school age.

Cases of contagion were of the milder forms, measles, mumps, chickenpox, and whooping cough, and although numerous scattered cases were reported during the school year, conditions at no time assumed

any great proportions. Towards the close of the school year there occurred many cases of whooping cough, a greater number so affected than by any one other illness of a contagious nature. No cases of scarlet fever or diphtheria were encountered.

A clinic conducted by the State Department of Health reviewed and re-examined cases previously reported as hilum or suspicious tubercular cases. The State Department of Mental Diseases also conducted a clinic, 20 children physically and mentally (intelligence tests), the purpose being to grade children to special classes according to intellectual ability.

During the year 362 pupils received treatment of the teeth, extractions, fillings, etc., while nine were operated for tonsils and adenoids. At a meeting in town hall, attended by Dr. MacKnight of the State Department of Health, a program was outlined for the prevention of diphtheria. In February 230 pupils were inoculated by Dr. MacKnight and the school physician; 2 showed severe serum reaction, and in December 162 reported to the same doctors for the Schick test, 50 were found positive, 1 showed severe serum reaction.

In June pre-school clinics were conducted in North and South Dighton by Dr. Hubbard and the school physician. This sort of clinic has two great advantages over the usual examination in the schools; one that defects found can be remedied before children get into school, thereby assuring more perfect attendance, the other being the advantage of talking directly with the parents accompanying children, thus assuring greater understanding between school physician and parents.

Respectfully submitted,

H. S. MILLER, M.D.,

163 High Street, Taunton, Mass.

REPORT OF SCHOOL NURSE

1928

Superintendent of Schools and School Committee,
Dighton, Mass.

Gentlemen:

I have the honor to submit to you a general outline of health work and health supervision done in the schools by your school nurse for 1928.

Schools visited weekly as far as weather conditions permitted, class rooms inspected, also lavatories and outbuildings.

General inspection of all pupils after a period of three or more school holidays, additional inspections of pupils sent me by the teachers and giving advice about excluding children from school. Visiting absent pupils if they are reported absent on account of illness, urging the proper treatment, in many cases transporting them to physicians' offices so that they might receive the proper treatment and return as soon as possible to school.

Pupils were weighed three times during the school year, abnormal weights reported to parents.

Nine pupils were operated on at Mt. Hope Hospital by the school physician for removal of tonsils and adenoids. The school nurse assists at all operations done through this clinic and remains with the children until they recover fully from ether.

Arrangements were made to have X-ray work done at Taunton State Hospital and six school children were X-rayed this year; three were reported as Hilum cases of tuberculosis and three negative.

On March 9th the State Department of Health had a clinic for children who the previous year had

been reported as Hilum or suspicious tubercular cases, this in connection with the ten-year program. Five were examined and after reports were received, the parents were visited and urged to proceed with the proper treatment.

Four children were sent for one month to the Bristol County Health Camp and one to the Bristol County Sanatorium.

On March 19th the State Department of Mental Diseases conducted a clinic, examining twenty pupils who were three or more years retarded in school. Dr. Tate of Taunton State Hospital did the physical examinations assisted by the local nurse and Mrs. Sealing had charge of the I. S. tests. This helps to determine the status of pupils in special class. In preparing for this clinic, all pupils to be examined are visited in their homes and a very lengthy family history obtained if possible.

In February, Dr. Richard MacKnight talked at a meeting at Town Hall about the advantage of conducting a diphtheria prevention program in Dighton. Later this program was arranged and 230 pupils inoculated with Toxin Antitoxin; these inoculations were given by Drs. McKnight and Miller.

In December, 162 pupils reported for the Shick test and 50 were positive, showing they needed to be re-inoculated; 47 were inoculated, receiving one dose of serum; 6 received two inoculations and 28 received three inoculations.

A pre-school clinic was conducted in April; examining physicians were Drs. Miller and Hubbard. Forty-two children were examined and parents visited and advised about correcting defects found. The Dental clinic was held every week at Mt. Hope Hospital and 363 pupils were treated. In 1928 52 per cent. of our
